Mission Statement

To promote a strong business and industrial climate for Chamber members through a partnership with businesses and the Miami County community.

New Format for the Newsletter

We're rolling out a new format for the newsletter that is easier to read and has more of the information you want. You will notice that each business has their own section. On the side of each business listing is all the pertinent information. We don't have complete information for every business so if you see your listing isn't complete, please email us at info@miamicochamber.com. Please use the list to the right as a template of what you can add.

You can also add coupons and logos. Just email us your logo and we'll be happy to include it. Email or call us with the text for your coupon.

Get Right Computers

The Get Right Computers Satisfaction Guarantee

We have a very simple policy, if you're not happy you don't pay. We don't do this by inflating our prices, we actually take the time to find out what you want. We get it right (yup, that's the name) the first time, every time.

Not sure if you need a tune-up or a complete reinstall? Don't worry. If the tune-up doesn't work you can always do the reinstall. No, you won't pay twice. You only pay for what you need so if the tune-up doesn't do the trick, you don't pay for it.

Miami County Early Childhood Music

59 South Broadway
Peru, IN 46970

This holiday season give a gift that will impact the life of a child forever; a semester of music classes. Miami County Early Childhood Music offers music/movement classes for little ones from newborn to age 7 and keyboard classes for 7 to 9 year olds. Music and movement classes stimulate physical, emotional and cognitive development. They also help with language and social skills and encourage creativity. Moreover, the gift of music understanding and appreciation will accompany a child for a lifetime.

What is the advantage of music classes for young children? Children learn music in the same way they learn language. Age-appropriate musical activities can increase musical aptitude up to about age 9. The most important musical learning "window" is 0 to 3 years.

Visit the website (www.musikgarten.org/nancyspahr) to read about the various class offerings. Call Nancy Spahr at 765-438-6435 or 765-472-2127 to learn about gift options.

Honey Bear Hollow Campground

All of us at Honey Bear want to Thank all those individuals and businesses that supported us in our second annual auction for Riley Hospital for Children on September 6th, 2009. We were able to raise \$3,043.00 from the auction with the tremendous help we received from our Camping Family with their donations of monies and numerous items for the auction. We also received many items for the auction from a number of businesses who graciously made a donation.

We have also, throughout the year, received donations from the Peru Disc Golf Club, our loyal disc golfers and many others who graciously made donations which will be added to the monies received from the auction.

We cannot thank everyone enough for supporting our efforts to raise money for Riley Hospital. We also have to sincerely thank the auctioneer for donating his time for the second year of our auction.

We just turned in the check for the entire year of collecting money for Riley Hospital and the total was \$4,545.00. Thanks for everyone's support for 2009.
